### TOUR POSTPONEMENT

“To all our fans we are so sorry to announce that we have to postpone our forthcoming tour until September due to the last minute unavailability of our lead guitarist and the deferral of the release of our debut album until late August. All tickets already purchased will be valid for the rescheduled shows in September details of which will be announced after the weekend. For those of you who cannot make it to our rescheduled shows full refunds will be given. We sincerely regret this and hope to see you at our shows in September.”
