LATEST NEWS

January 29th 1998

A Foreword....

First of all, welcome to our own "official" web site! To be honest, none of us (the band) are into computers very much, as we have always had a bit of "technophobia", but I learned of the Internet recently(!) through some friends who are online(?), and they gave me a guided tour. I explained a bit about it to Dolores, Noel and Mike, and we decided to set up a page of our own, and I've gotten lumped with the job of being spokesperson! (for now anyway). So, all I ask, is that you bear with us, we are new to this game; but we will try to make it as interesting as possible, and to update you with new information as soon as we get it.

AND NOW, THE LATEST NEWS!.....

Alright then, where to start!?! The last you would have heard was that we had cut our tour short in September 1996 as a result of Dolores' dodgy knee acting up again. It was a pity we had to finish early but I think under it all we were glad to get a chance to rest. We had been going flat out for nearly five years and everyone was feeling well worn out!! We decided to take a six month vacation to give us a chance to get our personal lives back in order and generally chill out.

In December '96, Dolores recorded a song for the movie "The Devil's Own", and in February '97 Noel and herself recorded "Go Your Own Way" for a Fleetwood Mac tribute album. I got married on April 16th (best day of my life), and two weeks later we all went to Dolores' house in Dingle to begin rehearsing some new stuff.

We continued rehearsing for the next few months and in October '97 we went to Metalworks Studios in Toronto, to record some demos, with Dolores in a fully pregnant state!! We spent two and a half weeks there and we recorded five new songs which we were really happy with. It's hard to explain what they sound like but some of our friends say the songs remind them of the first album, but you will just have to wait and see....

In November '97, Dolores had a 7lb 6oz bouncing baby boy, she named Taylor. Yahoo! Crack open the champagne!

We are currently in Toronto doing some more recording and then in May we are going to the south of France to record album no.4.

Here we are in Metalworks Studios, October 97.

Mike is getting married to his girlfriend of eight years on July 6th, more to follow on that shortly.

Well that's about it for now, tune in soon for more "Latest News" straight from the horses mouth!!!

SLAN!
