*Q. How is it that you are able to play the same songs over and over again and still be able to feel the music and be into it? Do you ever get sick of it?*

A. There was a time in 1995 when we got sick of the whole touring thing because we had done it for too long without a break. It is a very sad feeling for this to happen to someone who loves music so much. However we learned from our mistakes and now we tour for a few weeks and then take a week off. We also chop and change songs in the setlist every few days. When you are playing the song live you try to remember the feeling you got when the song was written or other times you focus on the audience and get their vibe. So it's something we are aware of , but try to avoid!

*Q. Why did you hire Storm Thorgerson for BTH and Wake up instead of having a nice picture of the band on your album covers (we're missing them)????*

A. We are all really big fans of Storms work and since we began working together we have become close friends with this genius of a man!! We chose not to have pictures of ourselves on the covers of the albums just for a change. We might go back to that again sometime in the future or maybe not!?! There are some photo's on the inner sleeve though.

*Q. How many singles will "Wake Up..." have ???*

A. Three or four..
