ode to my family - 100 million views

ON 26 FEBRUARY 2021.

We're delighted to see that the official video for "Ode To My Family" has just hit 100 million views on YouTube. It's all thanks to you, our amazing fans!! The video was shot in an old pub in Dublin the day after we shot parts of the "Zombie" video.

It is one of our all time favourites and one that we have always really enjoyed performing.

We hope you are all safe and well.

Ferg, Mike and Noel.
